PROJECTS

College Management System • 07/2024 - 12/2025
SR University
The College Management System is a web application designed to streamline student access to essential information. It features tools for extracting academic materials, staying updated on ongoing events, and viewing department head details. The application was developed using HTML, CSS, and JavaScript basics.

Portfolio • 10/2024 - 11/2024
This portfolio design is a modern and responsive personal website. It serves as an online representation of the user's skills, projects, and contact information using HTML, CSS and some basics of JavaScript.
