SUMMARY

- Computer Science undergraduate with strong foundations in Data Structures and Algorithms. Built scalable full-stack applications and system-driven projects including a coding platform with real-time execution and a multi-robot coordination system. Solved 350+ DSA problems across LeetCode and GeeksforGeeks. Seeking a Software Development Internship to contribute to high-impact engineering solutions.

EDUCATION

- **SR University**
B.Tech in Computer Science and Engineering
Warangal, India
2023 – 2027 | CGPA: 9.86
- **SR Junior College**
MPC
Warangal, India
2021 – 2023 | 97%
- **Ekashila Public School**
SSC
Jangaon, India
2020 – 2021 | GPA: 10

TECHNICAL SKILLS

- **Languages:** Java, Python, JavaScript
- **Core:** Data Structures & Algorithms, OOP, DBMS, Operating Systems
- **Web:** React.js, Node.js, Express.js, HTML, CSS
- **Database:** MySQL, MongoDB
- **Tools:** Git, GitHub, VS Code

PROJECTS

- **AlgoForge – LeetCode-style Coding Platform**
React.js, Node.js, Express.js, MongoDB, Monaco Editor
 - Built a full-stack coding platform with role-based access for Admin and Students
 - Implemented real-time code execution for Java, Python, and JavaScript with custom test case validation
 - Designed system to evaluate submissions with multiple test cases and runtime validation
 - Designed RESTful APIs for problem management, submissions, and evaluation workflows
 - Integrated Monaco Editor to provide an interactive coding environment
 - Optimized backend to efficiently handle multiple concurrent submissions
- **RoboWatch – Multi-Robot Surveillance System**
Python, Raspberry Pi, Wireless Communication, Camera Module
 - Developed a supervisor–assistant robotic system enabling real-time communication
 - Implemented communication protocol for real-time coordination between robots
 - Implemented fault-tolerant logic with automatic path backtracking on connection loss
 - Designed coordination and task assignment algorithms between robots
 - Built a working prototype integrating motors, sensors, and camera modules
- **College Management System**
HTML, CSS, JavaScript
 - Developed a responsive web interface for managing student and course data
 - Focused on usability, structured navigation, and responsive design

EXPERIENCE

- **Data Visualization Associate Intern – Excelerate**
May 2025 – Aug 2025
 - Analyzed datasets and created visualizations to extract meaningful insights
 - Applied data analytics techniques using Excel for decision support
 - Recognized as a **Star Performer** for outstanding contribution

ACHIEVEMENTS & CERTIFICATIONS

- AWS Academy Graduate – Cloud Foundations & Cloud Development
- Cisco Certified – Introduction to Networks, Data Analytics Essentials
- HackerRank Certified – Java

CODING PROFILES

- LeetCode: Solved 240+ problems covering Data Structures and Algorithms
- GeeksforGeeks: Solved 100+ problems across core CS topics
- GitHub: <https://github.com/Sirichunchu23>

SOFT SKILLS

- Problem Solving
- Team Collaboration
- Leadership
- Communication
